

REMARKS

In this amendment, the Applicants propose to correct a number of typographical errors which were recently noticed in claims 8, 11, 20, and 21. Entry of the proposed amendments is suitable because otherwise these claims would not be grammatical. The proposed claim amendments do not require any additional search or examination since they do not affect the scope of the claims. Because of the subtlety of these errors, they were not previously noticed by either the Applicants or the Examiner, so an amendment correcting these errors could not be presented earlier.

These amendments do not require any substantial amount of additional work on the part of the Examiner, so entry thereof is proper under MPEP 714.16.

Favorable consideration is respectfully requested.

Respectfully submitted,
